## COURSE DATES

**Sept 14, Nov 9, Jan 25, Feb 8,**

**March 21:** 8:30 am – 4:00 pm

**Oct 25:** 9:00 am – 4:30 pm

## COURSE DESCRIPTION

Using current literature in the area of safe, caring, and inclusive schools, this course will help learning leaders to reflect, apply, and collaboratively plan for a whole-school approach for safety and belonging that supports students' cognitive, social, emotional and physical growth and development. Participants in this field-led course will explore how school leaders build, communicate and nurture a shared vision for safe, caring and inclusive schools, within divisional and provincial frameworks, that reflects the needs of the community. This includes the way that leaders set direction, build relationships within the school and the wider community, and how they create collaborative teams, structures and processes that ensure that students' educational needs remain at the heart of all decision-making.

## INTENDED OUTCOMES

Throughout the course, the participants will reflect on and extend their knowledge of theory and practice in healthy and safe schools. Participants in this course will be able to:

- **Describe** key elements of safe, caring & inclusive schools;
- **Review** history and legislation related to safe, caring & inclusive schools in Manitoba;
- **Identify** current issues in creating and leading safe, caring & inclusive schools;
- **Assess** the conditions for safe, caring & inclusive schools in their current context;
- **Discuss** the leader's role in developing, sustaining and leading safe, caring & inclusive schools;
- **Articulate** how new learning and skills will impact their practice; and
- **Participate** meaningfully in a community of practice by connecting and sharing how prior experiences and new knowledge will impact their leadership knowledge and skills.

## ASSESSMENT & EVALUATION

Balanced assessment is intended to measure knowledge/understanding, thinking/inquiry, communication, and application of the course content. Participants will be expected to demonstrate understanding of the course outcomes through:

- preparation and discussion of assigned readings;
- participation in class discussions/activities;
- completion of course assignments.

The purpose of the formal assignments to prompt students to reflect on learning, integrate new readings and knowledge, and articulate the implications for practice and future learning. Students are expected to *consistently complete quality work*. Students will be asked to revise and resubmit work that does not meet the assignment criteria.

The final course grade is Pass or Fail. Participants must satisfactorily meet all requirements for attendance, participation and assignments in order to achieve a Pass.

**All assignments should be in APA format.** For a complete APA formatting and style guide, please refer to Owl Purdue Online Writing Lab:
